ICT BONE News

The **annual reporting** must be filled in on line by the end of December. **Deliverables** (due at M11) and must be sent to the project office as soon as possible.

Forms C will be filled on line using a new tool developed by the EC. An e-mail will be sent to the coordinator (hopefully, at the beginning of January) with access keys, so that all partners will be able to fill in their financial form.

An **MoU** between **ICT EURO-FOS** and **ICT BONE** is under preparation by the Project Office but it has not been finalized yet. The MoU will assists cooperation with EURO-FOS and enhance complementarity.

After a long discussion on the list of Collaborating Partners at the previous Plenary Meeting, an agreement was prepared by the Project Office to involve external institutions within ICT BONE activities. The agreement will be distributed soon.

Past Events

ICT 2008

ICT BONE had an exhibition stand at the ICT 2008 event in Lyon on 25-27 of November.

It was very successful with many visitors and large numbers of brochures were distributed. In addition a PhD student from University of Peloponnese visited the exhibition as a young reporter and attended some conference sessions that he reported on.

FIA Contribution /Trust & Identity Session

ICT BONE was asked to contribute in the Future Internet Assembly on the Trust and Identity session. A questionnaire will be distributed to the partners, and the answers will be used to compose the ICT BONE contribution.
