ICT BONE Newsletter:

past and upcoming activities

Season's Greetings

On behalf of the ICT BONE Project Office, WP01 and the Newsletter Editorial team we wish you all the best for a prosperous 2010.

Upcoming Events

OMEGA 2nd Open Event

The 2nd OMEGA Open Event will take place on the 24th and 25th of February 2010 in Rennes, France, will present the state-of-the-art on home networking technologies and make the participants familiar with OMEGA's concepts and technological solutions. For the first time, OMEGA will perform live demonstrations of its leading-edge research results.

By providing feedback on OMEGA's technical objectives and approaches, participants will be able to influence the direction of OMEGA's technical work. For industry participants, the Open Event particularly provides the opportunity to engage with OMEGA in a mutually beneficial dialogue on home networking solutions. Especially for graduate students, the Open Event provides the unique opportunity to learn from leading European academic and industry experts about the state-of-the-art and future directions in home networking.

ICT Future Network and Mobile Summit in Florence

Future Network and MobileSummit 2010 takes place in the Historical City of Florence, between the 16th and 18th of June 2010. This is the nineteenth in a series of Annual Conferences supported by the European Commission, which regularly attracts over 600 delegates from industry and research to share experiences and research results, identify future trends, discuss business opportunities and identify opportunities for international research collaboration under the ICT Theme of Framework Programme 7 (FP7). It will thus contribute to showcasing European research in the field, and position it within the multiplicity of related initiatives supported in other regions of the world.

In the context of convergence, the 19th Future Network and MobileSummit will address the challenges of building the Future Internet, based on mobile, wireless and fixed broadband communications infrastructures.

ICT for Energy Efficiency

The second edition of the High Level event on ICT for Energy Efficiency is organised by the European Commission's Information Society and Media Directorate-General, in cooperation with the Spanish Presidency of the European Union.

This event will take place on the 23rd and 24th of February 2010 in Brussels gathering policy makers and experts on the ICT for Energy Efficiency field through

- Conferences
- Projects' exhibition
- the Best ICT4EE Project Award Ceremony.
